Important Information:

Where new devices or device amendments within this application have been accepted and the status indicates 'Registered', this email confirmation does not represent any form of accreditation, certification or approval by the UK Competent Authority.

Where new devices within this application have been rejected, please review the reason/s for rejection. You will need to submit a new application. The [statutory fee](#) will be payable. Placing medical devices on the GB market that have not been registered with MHRA, or no longer comply with the regulations, constitutes a breach of the law. Different regulations apply to [Northern Ireland](#).

The name and address of the manufacturer and UK Responsible Person or Northern Ireland Authorised Representative (where applicable) and devices that have been registered will be published on our [Public Access Registration Database](#) (PARD). In vitro diagnostic medical devices registered as undergoing performance evaluation study are not published on this database.

Keeping your Device Registration record up to date:

Please see [Making changes to your registration](#) for further information on changes you need to notify MHRA of, and the applicable [statutory fee](#). Full instructions on how to make changes are explained in our [Reference Guides](#) and [video tutorials](#).

Note:

The account number for your company/organisation is **0000036198**. Please keep a record of this.

Please do not reply directly to this email, as the originating email account is not monitored. Any queries must be sent to device.registrations@mhra.gov.uk.
